

iCARE International Cancer Research Fellowships

iCARE is a fellowship program sponsored by **AIRC**, the Italian Association for Cancer Research, in co-funding with the **European Union**.

iCARE offers three types of two-year fellowships, intended to promote the mobility of experienced researchers to and from Italy to work on a **cancer-focused project**:

- **Outgoing Fellowships**, for researchers who have worked in Italy for more than 3 years, interested in a research experience in a scientific institution outside of Italy
- **Incoming Fellowships**, for non-Italian scientists interested in a research experience in a scientific institution located in Italy.
- **Reintegration Fellowships**, for Italian researchers who have worked in a country outside of Italy for at least 2 years, who wish to return and work in a research center in Italy.

Winners will be selected through a transparent and independent peer review process.

Detailed instructions to apply available at:
<https://www.direzionescientifica.airc.it/default.aspx>

The deadline for submission is May 19th, 2015
